Custom Table Talker (Custom eProfile)	R 949
Custom Table Talker (Alternate Link)	R 799

# CHOOSE YOUR ePROFILE

Our digital cards offer more than just contact sharing. Choose from our three profile options to enhance your digital presence.

## Standard Profile

The Standard Profile is perfect for quick and easy sharing of essential information, making it a simple and effective solution for professionals. Includes company logo, contact details, social media links, a short bio, map location, and an image gallery. Perfect for basic, professional networking.

## Extended Profile

The Extended Profile allows you to showcase more. In addition to basic contact details, this profile includes multimedia, custom backgrounds, contact forms, product showcases, and interactive features, giving recipients a more comprehensive view of your business. Ideal for businesses wanting more engagement.

## Custom Profile

The Custom Profile offers full personalization. Along with extended features, you can add custom landing pages, multimedia content, and advanced design options to create a unique and powerful digital business card that fully represents your brand. Fully branded and tailored profile with advanced features. Designed for maximum impact and flexibility.

# DISCLAIMER

Please note the following terms apply to all products and services:

**Stock Availability:** All products are subject to availability. In the case of sold-out items, your order may be placed on back order and we will notify you of expected delivery timelines.

**Turnaround Time:** The standard turnaround time for custom-designed and branded orders is 8-11 working days from approval of artwork and payment.

**Pricing:** All prices are subject to change without prior notice. Pricing displayed is per unit unless stated otherwise. Bulk discounts are available and can be discussed based on order volume.

**Self-Hosted Profiles:** If clients choose to host their eProfiles on their own websites or servers, additional setup and integration fees will apply.

**Alternative Links:** If clients choose to rather make use of alternate link such as company websites, review pages, social media pages etc. we will offer a discounted price per unit.

# HOW TO ORDER eCARD PRODUCTS

## Step 1: Choose Your Product

Browse our range of NFC-enabled products including PVC eCards, stainless steel cards, bamboo cards, wristbands, key tags, and table talkers. Select the item that best fits your needs, brand style, and intended use.

## Step 2: Choose Your Link or Profile Type

Decide what you'd like your product to link to when tapped or scanned:

A Standard, Extended, or Custom eProfile (we'll build it for you)

Your website

A Google Review page

A WhatsApp link, social media profile, or any other URL

## Step 3: Send Us Your Info

Once you've made your selections, send us the following:

Your logo (in high-resolution PDF, SVG or PNG format)

Your brand colours (if applicable)

The link or profile information you'd like the product to connect to

Any design instructions or reference material (optional)

The names and contact details for each user (if you're ordering for a team)

We'll handle the design, printing, setup, and packaging - all you have to do is tap and connect!

# **GET STARTED TODAY**

Make the switch to eCards and experience the convenience of modern networking.

Whether you're looking to enhance your business presence, streamline networking efforts, or reduce your carbon footprint, eCards are the only business card you'll ever need.
